

# TRANSFORMING LIVES AWARD

INSPIRED BY  
ALQUITY,  
CONVENED BY  
PHILANTHROPY  
UNIVERSITY

Identifying and supporting excellent social entrepreneurs and sustainable solution focused charities to help unleash potential in communities across Asia, Africa and Latin America.

## OUR VISION

To become the leading awards programme for sustainable, scalable solutions particularly those supporting growth in sustainable livelihoods and the achievement of **UN Sustainable Development Goal 8; economic growth and decent work for all**. In doing so, creating an ecosystem of “shared values” businesses who channel their donations through the awards to maximise their impact.

## THE AWARDS

Currently totalling \$600,000 the Awards will recognise:

1. Non-profit organisations that have a proven approach to delivering high impact sustainable solutions and require additional support.
2. Non-profit organisations providing sustainable solutions that have a high potential and require additional support to build capacity and/or scale their operations.
3. Social entrepreneurs and businesses supporting one of the UN SDGs and require start-up capital, loan or second round equity funding to expand operations and accelerate growth.

The Awards offer new paths to capital, profile and expert advice so that winners can invest in their futures and the futures of those they serve.

Award funding will be needs based and range from

**\$25k-\$100k**

in unrestricted funding

Applications will be open from the start of October, and will be sourced through an open portal and through selected referral partners. Following an extensive and participatory assessment and due diligence process, winners will be announced at a global awards event in June 2019.

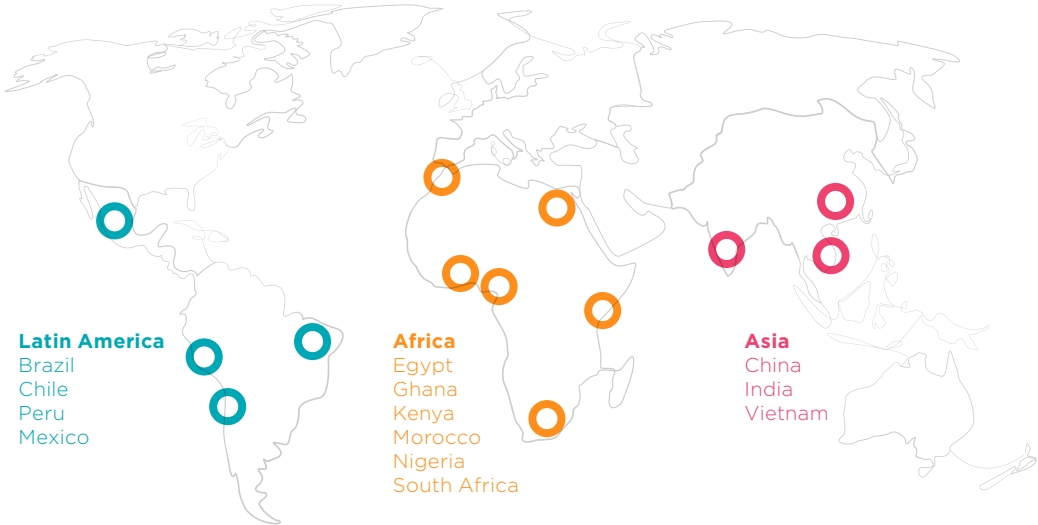

## ELIGIBILITY

A core component of all the Awards will be to fund sustainable and/or scalable solutions. Award winners will need to demonstrate a pathway to a sustainable funding model, even if their current model requires donor funding.

## REGIONS

There will be at least one Award in Asia, Africa and Latin America.

## THE ALQUITY STORY SO FAR

The Transforming Lives Award is inspired by the Alquity shared values business model which has generated over \$1.7m in charitable donations and contributed to transforming thousands of lives across Africa, Asia and Latin America.

Driven by the exponential growth of the business, the Transforming Lives Award reflects the ambition of the firm to become one of the leading social impact businesses in the UK.

Alquity has committed an initial \$600,000 to fund the awards as well as covering the programme costs. We are looking for additional partners to support the Awards and join our community of excellence.

**\$1.7m**

generated by the Alquity shared values business model

**\$600k**

committed to funding the cost of the awards
